ADVANCE IN STOCKS

SUGAR TRUST SHARES GET A NEW HOLD AND GO UP 23-4 PER CENT.

Nearly Half the Business on New York 'Change in This Stock-Indianapolis Markets Weak.

At New York yesterday money on call

was easy at 1 per cent. Prime mercantile paper, 2%@4% per cent. Sterling exchange opened strong, but closed slightly easier, with actual business at \$4.87% @4.87% for demand, and \$4.86%@ 4.87 for sixty days; posted rates, \$4.871/200 4.88 and \$4.881/2@4.89; commercial bills, \$4.86

Silver certificates, 63%c old. Bar silver closed at 63%c per ounce; Mexican dollars, 514c. At London bar silver closed at 29 9 16d.

Total stock sales were 172,272 shares, including: American Sugar, 82,100; Burlington, 3,100; Chicago Gas, 9,100; General Electric, 13,100; Louisville & Nashville, 2,800; Manhattan, 4,600; Reading, 2,100; St. Paul, 20,200; Western Union, 7,400.

Nearly one-half of the business done on the Stock Exchange yesterday was in the shares of the American Sugar Refining Company. Good buying was developed in the stock in the early dealings, which was credited to a prominent insider. The board traders followed the lead thus given, and without any important reaction an advance of 2% per cent. was recorded, the last being the highest price of the day. Reports were put in circulation that the sugar trade was improving and that the refineries of the trust would soon again be put in operation. It is not to be said, however, that these reports had any special influence on the course of the prices in the stock, the upward movement being purely the result of manipulation. St. Paul was second in point of activity, and during the morning was sold by London and the traders, with the result of a decline of 1/2 per cent., which was subsequently recovered, the final sales, however, being 1/8 below Monday's. The other grangers were but lightly dealt in and fluctuated within limits of 1/2 per cent., Burlington gaining 1/4 and Rock Island 1/4, and Northwestern standing unchanged on the day. There was brisk selling of General Electric in the opening dealings, which were attributed to an insider, and which broke the stock 1 per cent, the full decline being recovered before noon on the revival of the report that it is the intention of the company to shortly reduce its capital stock. During the afternoon the shares reacted % and railled 1/2 at the close, leaving a net loss of % per cent. Chicago Gas opened % lower, but quickly moved up % per cent., subsequently reacting % and rallying 16, the latter fraction being the improvement made on the day. Western Union was in better tone and moved up 1/2 per cent. on a small business, closing at the highest point touched. In the rest of the list very little business was done and the tendency of the market was downward during the greater part of the day. The gold exports scare had little, if any, influence on the market and in final dealings, although the trading was intensely dull, a good tone prevailed and the market closed firm. The more important declines on the day not already noted are 11/2 in Baltimore & Ohio, 11/4 in Wheeling & Lake Erie preferred, 11/8 in

Illinois Central and 1 per cent. in P., C., . A generally easier tone prevailed in the bond market during the early session. After midday, however, the weakness was more pronounced, particularly for General Electric debenture flyes, which sold down 3½ per cent. to 85½, and finally closed at A fair amount of business was transacted, the sales amounting to \$953,300. The important changes are: Declines-Union Pacific gold sixes, 4 per cent.; Cleve-

land & Canton firsts, 2%.
Government bonds were firm, State bonds were dull and railroad bonds were weak. The following table, prepared by James E. Berry, Room 16. Board of Trade, shows

LOCAL GRAIN AND PRODUCE.

Trade Showed Some Improvement Yesterday Over Last Week. More activity was shown on the wholesale streets and on Commission row yesterday. Dry-goods houses, millinery establishments and boot and shoe men had a better trade and the grocers had a busy day. Receipts of fruits and vegetables on Commission row are large, and with this prices carry an easy tone except on something very choice. The quantity of potatoes and apples coming on to the market is much of a surprise, as a month ago commission men were talking a short crop of potatoes and apples and exorbitant prices, while they are now selling lower than in October for many years. The local flour trade continues slow, with lower prices than for years. The crop of chestnuts is reported unusually large and prices will be low.

Hog products give evidence of weakness.

and with this the demand is decreasing. A feeling has obtained that hog products are too high, and that both hogs and hog products will be lower. The local grain market is more active, but prices are weak at the quotations of yesterday. Track bids ruled as follows: Wheat-No. 2 red, 48c, No. 3 red, 44c; wagon wheat, 48c. Removing Plants at Crown Hill. A force of sixty-five men are engaged in renovating the Crown Hill Cemetery grounds. The grounds will be cleaned and the graves resodded. In accordance with rules adopted last spring, some of the trees and plants have been taken out and a number of the lot owners are complaining that this work has begun too early. They say that it was the understanding that plants would be cared for until the 1st of next month, but Superintendent Chislett says that the rules plainly state that no planting of flowers after that date will be allowed, and that they do not say that plants shall not be removed.

ANOTHER LOW-PRICE RECORD MADE BY CHICAGO WHEAT.

Grain Markets Firmed Up Near the Close and Small Gains Were Established-Pork Declines.

CHICAGO, Oct. 16 .- Wheat slid downward to-day until it had made a new lowprice record for December at 51%c, then, aided by buying by shorts and reports of cash business, the market reacted, December closing steady at 1/3c higher. May corn closed 1/2c higher and May oats unchanged, but provisions were weak, finishing at de-

The new low price for December wheat was made as soon as the regular trading commenced. The opening trades were principally at from 52c to 51%c, with a sale or two at 52@521/sc. Another shave was taken off the underside of these quotations before any improvement started. When it began to recover it was under the lead of the corn market, which was the first to give signs of reviving animation. The routine statistics of the day and reports from outside markets were discouraging to the bulls, Some demand for cash wheat was reported early in the day, but did not exercise any influence until it was added to the recovery in corn. Receipts to-day were 215 cars. At Minneapolis 336 carloads were received, and at Duluth 884, making 1,220 against 929 cars a year ago. The total primary market receipts were about 840,000 bu. Export clearances of wheat and flour from the Atlantic ports were 380,000 bu. Baltic, Black sea and other competitive ports shipped 4.880,000 bu last week, and India shipped 216,000 bu, making, with 3,317,000 bu from this country, the very heavy total of 8,413,000 bu. Liverpool, London, Paris, Antwerp and Berlin all sent lower quotations. December improved to 52\%@52\%c with several relapses of its falling sickness, which sent it back again several times to 52c, but was in one of its firm moods near the close. There was considerable buying by shorts near the close, and the market finished steady with December at 521/4c. clined to take their profits and some im provement in prices followed, principally from that cause. There was, however, very small offerings of cash corn to go to store,

Corn opened weak, but shorts were inand there was some demand for it. The inquiry for new No. 3 and new No. 3 yellow to arrive was also rather better than it was yesterday. About 60,000 bu were placed at the following discounts under May prices: For November—No. 3, 44c under; No. 3 yellow, 4c under. For December—No. 3, 5c under; No. 3 yellow, 44c under. The receipts were 216 cars, or 59 less than estimated, and for to-morrow the estimates are only 100 cars. The latter was one of the buil points of the day. May opened at 360 with a limited trade at 48%c. It fluctuated for over an hour between 48%c and 49%c and then improved to 49%@49%c, where

Oats opened weak in sympathy with the early tone of despondency in wheat and improved later in the session, as did the other markets. Receipts were about as estimated. The opening price for May was 32%c, and subsequently it sold as low as 31%c. It rose to 32%c, fluctuated between that and 32c during the most of the session, but rose near the close to 32%c again and closed with buyers at that.

Weakness ruled in the provision market. The opening prices were at a decline from yesterday's closing rates of 7½c in pork, .05c in lard and .02½c in ribs. At the close the following were the reductions established: In pork, 12½c; lard and ribs, each, .05c. Hog receipts were heavier than looked for, being 24,000, instead of 17,000 head, as estimated. For to-morrow the estimate is 31,000. The increasing receipts are bearing out the predictions of the packers, and are the reason for the declining tendency in

Dry Goods.

For account of John Roy & Co., manufacturers of the Watervliet mills shawls, and by order of Cooley, Turnbull & Co., the seiling agents, Wilmerding, Morris & Mitchell made a peremptory sale of 15,000 long and square shawls. There was a good company of buyers from representatives of the country. The sale was made to clean the stock, as the mills will make no more except on special orders. The results were about 30 per cent, below current prices. The H. B. Claffin Company were large buyers, and next to them were Rice, Stix & Co., of St. Louis. The range of prices was as follows: Arlington squares, 67x67, from \$1.05 to \$1.07\\(\frac{1}{2}\); Arlington longs, 67x135, from \$2.12\\(\frac{1}{2}\) to \$2.35; Albany squares, 72x72, from \$1.25 to \$1.35; Albany longs, 74x174, from \$2.221/2 to \$2.80; Medal squares, 72x72, from \$1.571/2 to \$1.80; Medal longs, 72x144, from \$2.90 to \$3.371/2. The goods were widely distributed, and were disposed of in about an hour's time. Among the buyers was the Evans & Goodes Company, of Terre Haute. NEW YORK, Oct. 16 .- Outside of auction sales the market was almost featureless as usual on the day. There are no mails of importance to work upon. There was some business done for spring in dress wear specialties, but the chief sales were the result of forwardings on previous orders that are taking many goods. Elsewhere. CHICAGO, Oct. 16.—The situation in cat-tle was unimproved. Common to fair

grades comprised almost the entire supply, and prices for such, therefore, remained weak. Of the 8,500 received about 5.000 were rangers, leaving 3,500 as the sup-ply of natives. Sales of the former were generally at \$2.50@3.40, and prices below \$5.50 took most of the natives. Scalawag cows sold around \$1.25, and extra quality, 1.500 to 1,600 lb steers, were quoted as high as \$6.20. The offerings of well-finished cattle were few and were firmly held. The common kinds were slow and easy. Stockers and feeders are receiving considerable attention and are bringing good prices, quoted at \$2@3.50. Another 10c was pared off from the price of the hog market to-day, nothing selling above \$5.35, and the bulk of the business being done below \$5.20. Receipts continue to show a large increase on the recent average, which fact, taken in connection with depression in hog products, is quite sufficient to account for the shrinkage in the value of the live animal. Since Saturday the arrivals have been rather more than 56,000, as against 34,175 for the same time last week, and in the meantime prices have declined 20@25c. The quality is not as good as is usual to the season, there being many young pigs and a larger percentage of common mixed lots. Sales were from \$2 to \$4.25 for culls to \$5.25@5.30 for prime heavy.

Choice sheep and lambs sold well. They were only a small part of the supply, and the demand being principally centered in that grade sellers were in a position to close out quick and at strong prices. Poor to fair sorts were neglected and were as weak as before. Sheep were quoted at \$2.75@3.25 and lambs at \$1.50@4.25. A lot of fancy Shropshire lambs brought \$4.50, but they were finer than anything seen here recently. Sheep mostly sold at \$1.75@2.75, and the prevailing prices for lambs were

New York Journal. Martin Irons, famous leader of a famous strike, has been the victim of another striking demonstration. He was knocked out by Mrs. Antonia Estrada with a club.

Take good care of the horses in winter, as this will bring them out in the spring in good condition for the hard work of the season.
